** Title I Targeted Assistance Programs: If every student in a school receives funding from a Title I Targeted Assistance Program, it is not necessary to create an individual Student Special Program for each student for CEDARS. OSPI is aware of the Title I Targeted Assistance Program approved schools and reports the students appropriately.

WSIPC CEDARS logic does not look at the Title I School Wide option in Entity Maintenance that was used for CSRS, as CEDARS requires Start and End Dates associated with the program. The Title I School Wide option does not have dates associated with it.
